Suit Is Filed.

Suit was filed in the circuit court this morning by Will Moore against the First National Bank of Pendleton for \$296.63 alleged to be due the plaintiff. It is alleged that the de-

fendant received from Mrs. H. E. Laatz the sum of \$296.63 to be held in escrow pending the determination of the locality of a lien on street improvement work done by the Warren Construction Company. In case the supreme court held that the property owners interested in the Johns paving suit were not bound to pay the assessment, the money was to revert to Mrs. Laatz. The interest in the money was transferred, according to the complaint by Mrs. Laatz to the plaintiff. The plaintiff is represented by S. A. Newberry.

ASHLAND NORMAL PRESIDENT GIVES STRONG SUPPORT TO PENDLETON MEASURE

(Continued from Page 1.)

"The sphere of influence of the normal school is mostly limited to within a radius of say one hundred miles of the seat of the institution. Eastern Oregon cannot be served by a normal school located in western Oregon to any appreciable extent, and eastern Oregon cannot be slighted in this matter, except on the general theory that that portion of the state, for some reason, should be singled out as an object of neglect. This is unthinkable.

"By inquiry I find that prospective teachers of eastern Oregon find it most convenient to attend normal schools in Washington, and the final result has been that student teachers, after graduation from Washington normals, continue to labor within the state that gave them an opportunity and their services are lost to Oregon—services Oregon cannot afford to dispense with.

AFTER SIX YEARS OF SUFFERING

Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 178 pounds I went to 118 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds so you can see what it has done for me already. My husband says he knows your medicine has saved my life."—Mrs. J. S. Barlow, 1624 South 4th St., Columbus, Ohio.

Lydia E. Pinkham's Vegetable Compound contains just the virtues of roots and herbs needed to restore health and strength to the weakened organs of the body. That is why Mrs. Barlow, a chronic invalid, recovered so completely. It pays for women suffering from any female ailments to insist upon having Lydia E. Pinkham's Vegetable Compound.

KATHLYN WILLIAMS, MOROSCO-PALLAS STAR IN PARAMOUNT PICTURES.

Kathlyn Williams, the well known film star, has signed a long term contract to appear in Morosco-Pallas Pictures on the Paramount program.

One of screenland's most talented as well as most beautiful stars, Miss Williams to-day enjoys a country-wide popularity. Her success in motion pictures has not been of the "overnight" variety so often written about. Seven years ago, in company with Mary Pickford, Arthur Johnson, Henry Walthall, and other members of the "old guard" at Biograph under D. W. Griffith, she received her early schooling in the silent drama.
